### 彩

リネン100%を緋(かすり)染調に仕上げ、独特の色彩効果を生み出しました。リネンはすでに古代エジプトで栽培され、日本でも飛鳥・奈良時代の記録に残る、人の歴史とともに歩んだ素材。使うほどに風合いが増していきます。

*100% linen is used to achieve a kasuri (resist-dyed) look and produce a unique color effect. The history of linen runs parallel to the history of human civilization. Flax to produce linen was cultivated by the ancient Egyptians. There are records of its use in Japan in the Asuka and Nara Period. Its texture gets better with use.*

## 彩

北欧デザインに学んだ色と風合いが、個性的でありながらもどこか懐かしい温かみを感じさせます。クラシックかつモダンなカラーバリエーションも魅力です。

*The colors and texture, which are inspired by Scandinavian design, are suited to individualistic tastes, but at the same time imbue a warmth that is somehow nostalgic. The classic but modern color variations are also part of the appeal of this series.*
