Yasaka 八坂

シルク調のシャンタンをアレンジして織り上げ、緯糸の質感を生かしました。5色の色糸を織り込むことでミックス感と立体感を調和。ナチュラルで飽きの来ない仕上がりです。

This wallpaper is made by arranging and weaving silken shantung and emphasizing the texture of the weft. It features a good balance between a mixed look, which is achieved by weaving in threads of five different colors, and a three-dimensional look. The finish is natural, so you will never grow tired of it.
